Workshop: Route map for the transformation of Educational Institutions into the WIA to Sustainability

Date: 30/11/2023

On 21-23 November, the Workshop on the Route Map for the Transformation of Educational Institutions into the WIA to Sustainability [T4.1], took place with great success at DIMITRA'S headquarters in Larissa, Greece.

The objective of this workshop was to bring together members of the consortium representing different Educational Institutions to discuss and develop possible activities for the domains and pillars of the Systemic Framework for WIA To Sustainability.

This framework took into consideration the following:

- The different pillars: Social/ Pedagogical / Organizational
- The different domains to be transformed within each pillar
- The possible and of different complexity and investment activities that may be implemented within each pillar and each domain

In conclusion, The Whole Institute Approach to Sustainable Development will be a framework that supports EIs in having a significant role to play for the sustainable future, in consultation with

all stakeholders. The WIA helps to integrate sustainability issues structurally and coherently into the Educational Institutions' organization.

After the successful completion of the workshop, the project partners got together to implement the 2nd Transnational face-to-face meeting of the project SUSEDI: Route to Transformation of Education Institutions through a Whole Institution Approach to Sustainability (Erasmus+, Forward Looking) on 23-24 November 2023 where the results of the project were presented and the future objectives of the consortium were discussed.

It was a productive and enjoyable weekend, with partners expressing their excitement at having had the opportunity to come into direct contact with individuals and organizations that share the same vision and are part of a

growing community dedicated to creating green and sustainable education. The meeting ended with the partners renewing their appointment for the next November, at the 2nd Transnational Meeting to be held in Larissa, where the progress and development of the project will be presented and discussed again.
